

Coastal Research & Management

Practical example of running an aquaculture in the Baltic Sea Region

Tim Staufenberger

The history of the Kiel fjord mariculture

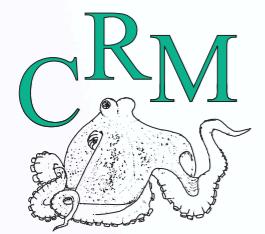

- 1998 investigation of sugar kelp
- 2000 first algae farm in the Kiel fjord
- 2001 development of extraction techniques
- 2002 first „big“ algae harvest
- 2007 surface aquaculture
- 2009 addition of blue mussels to the system
- 2012 first harvest of blue mussels

Coastal Research & Management

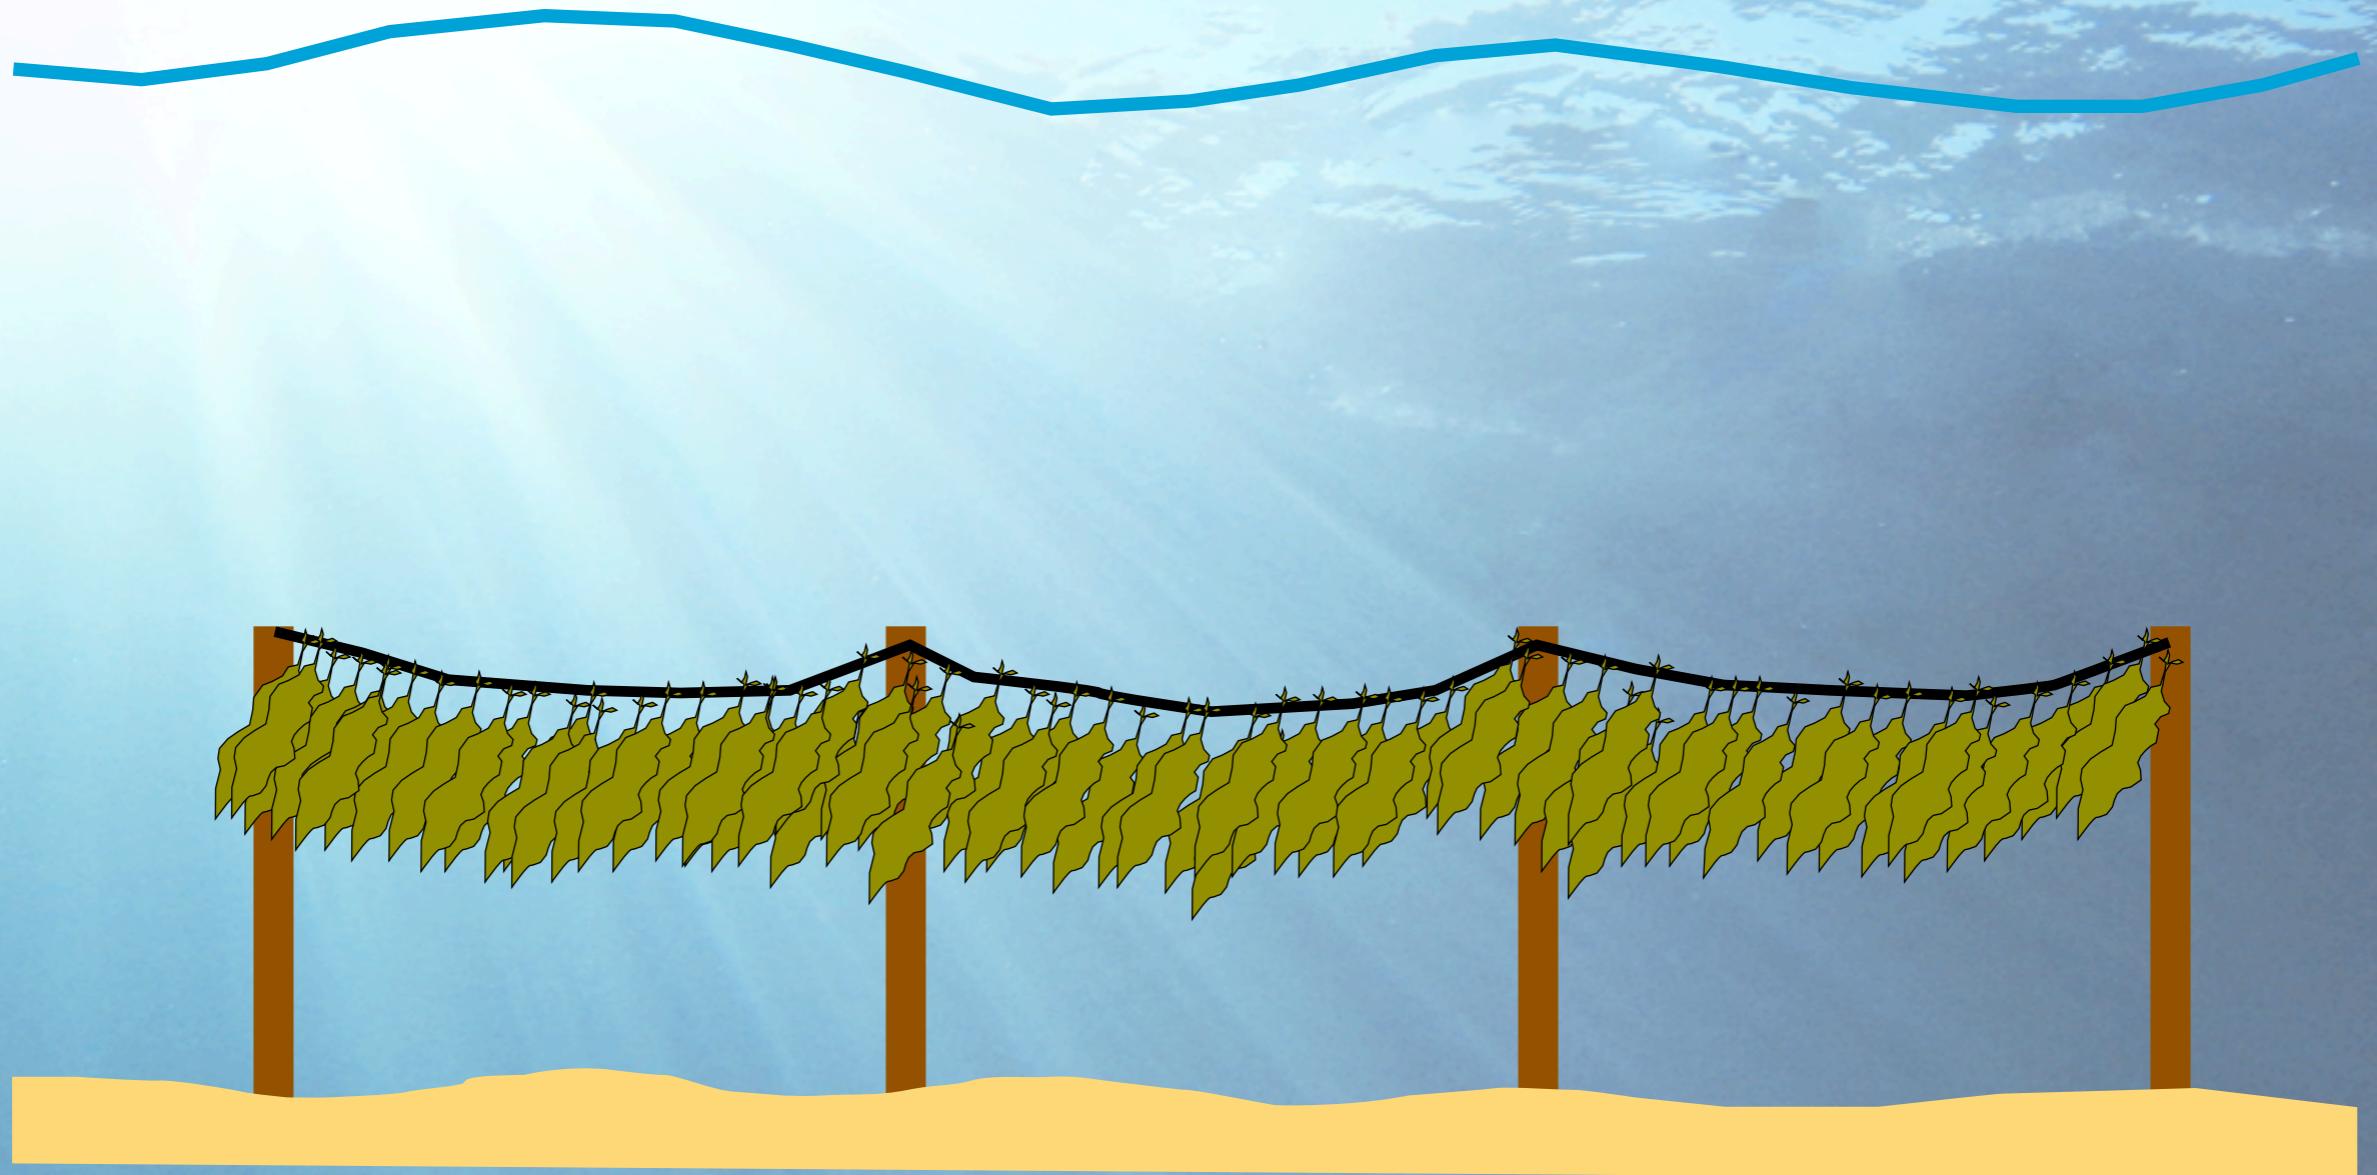

“Line” Production

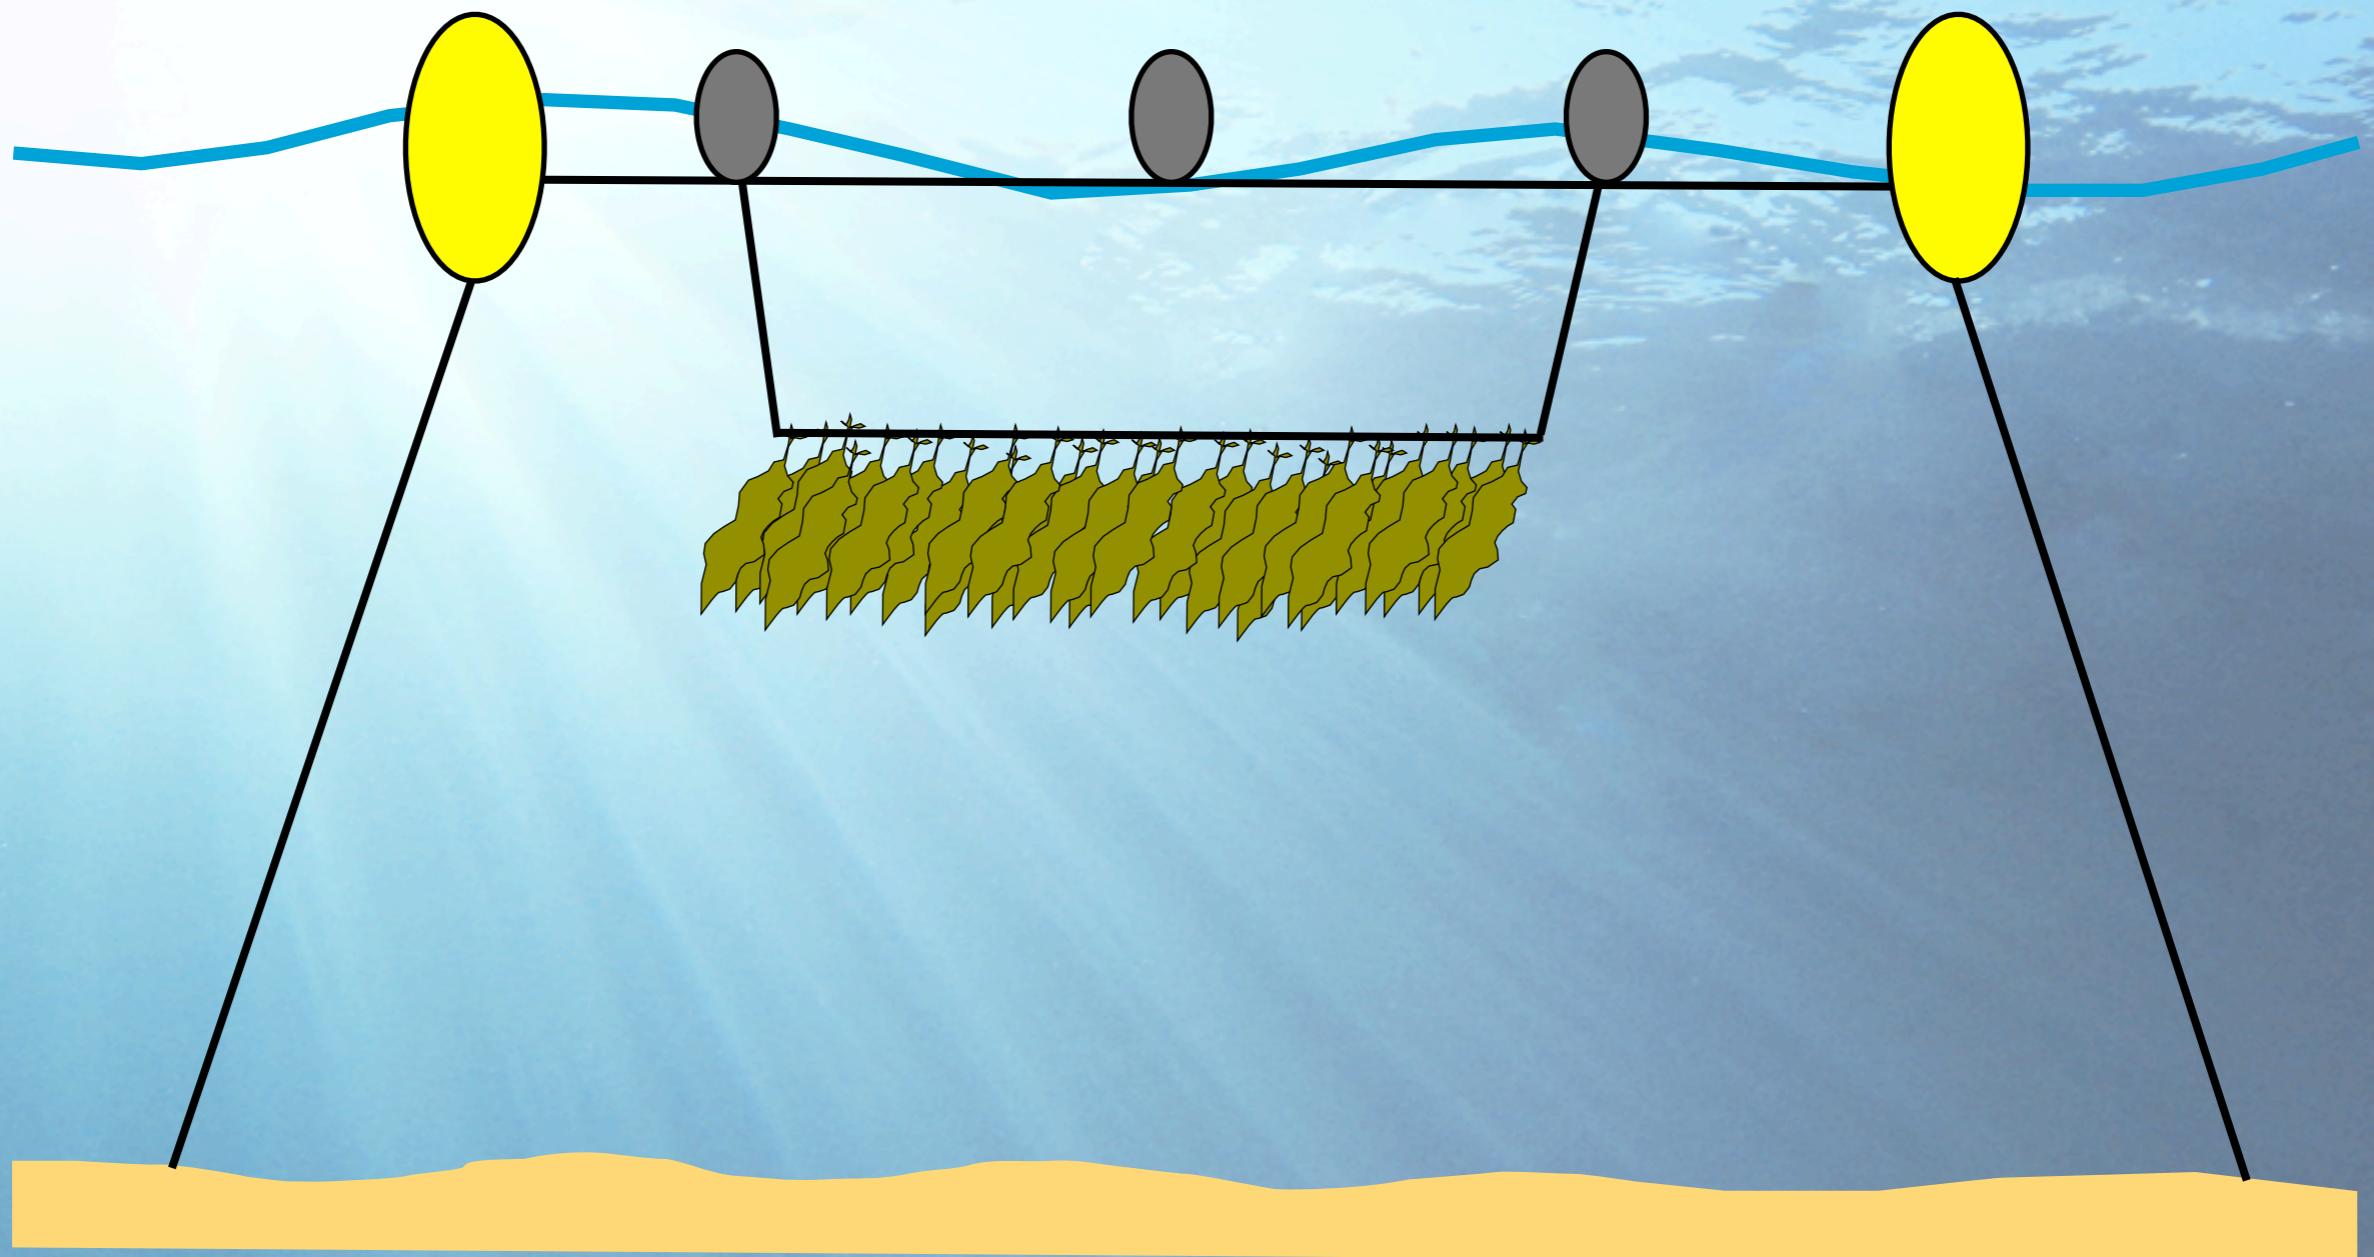

Coastal Research & Management

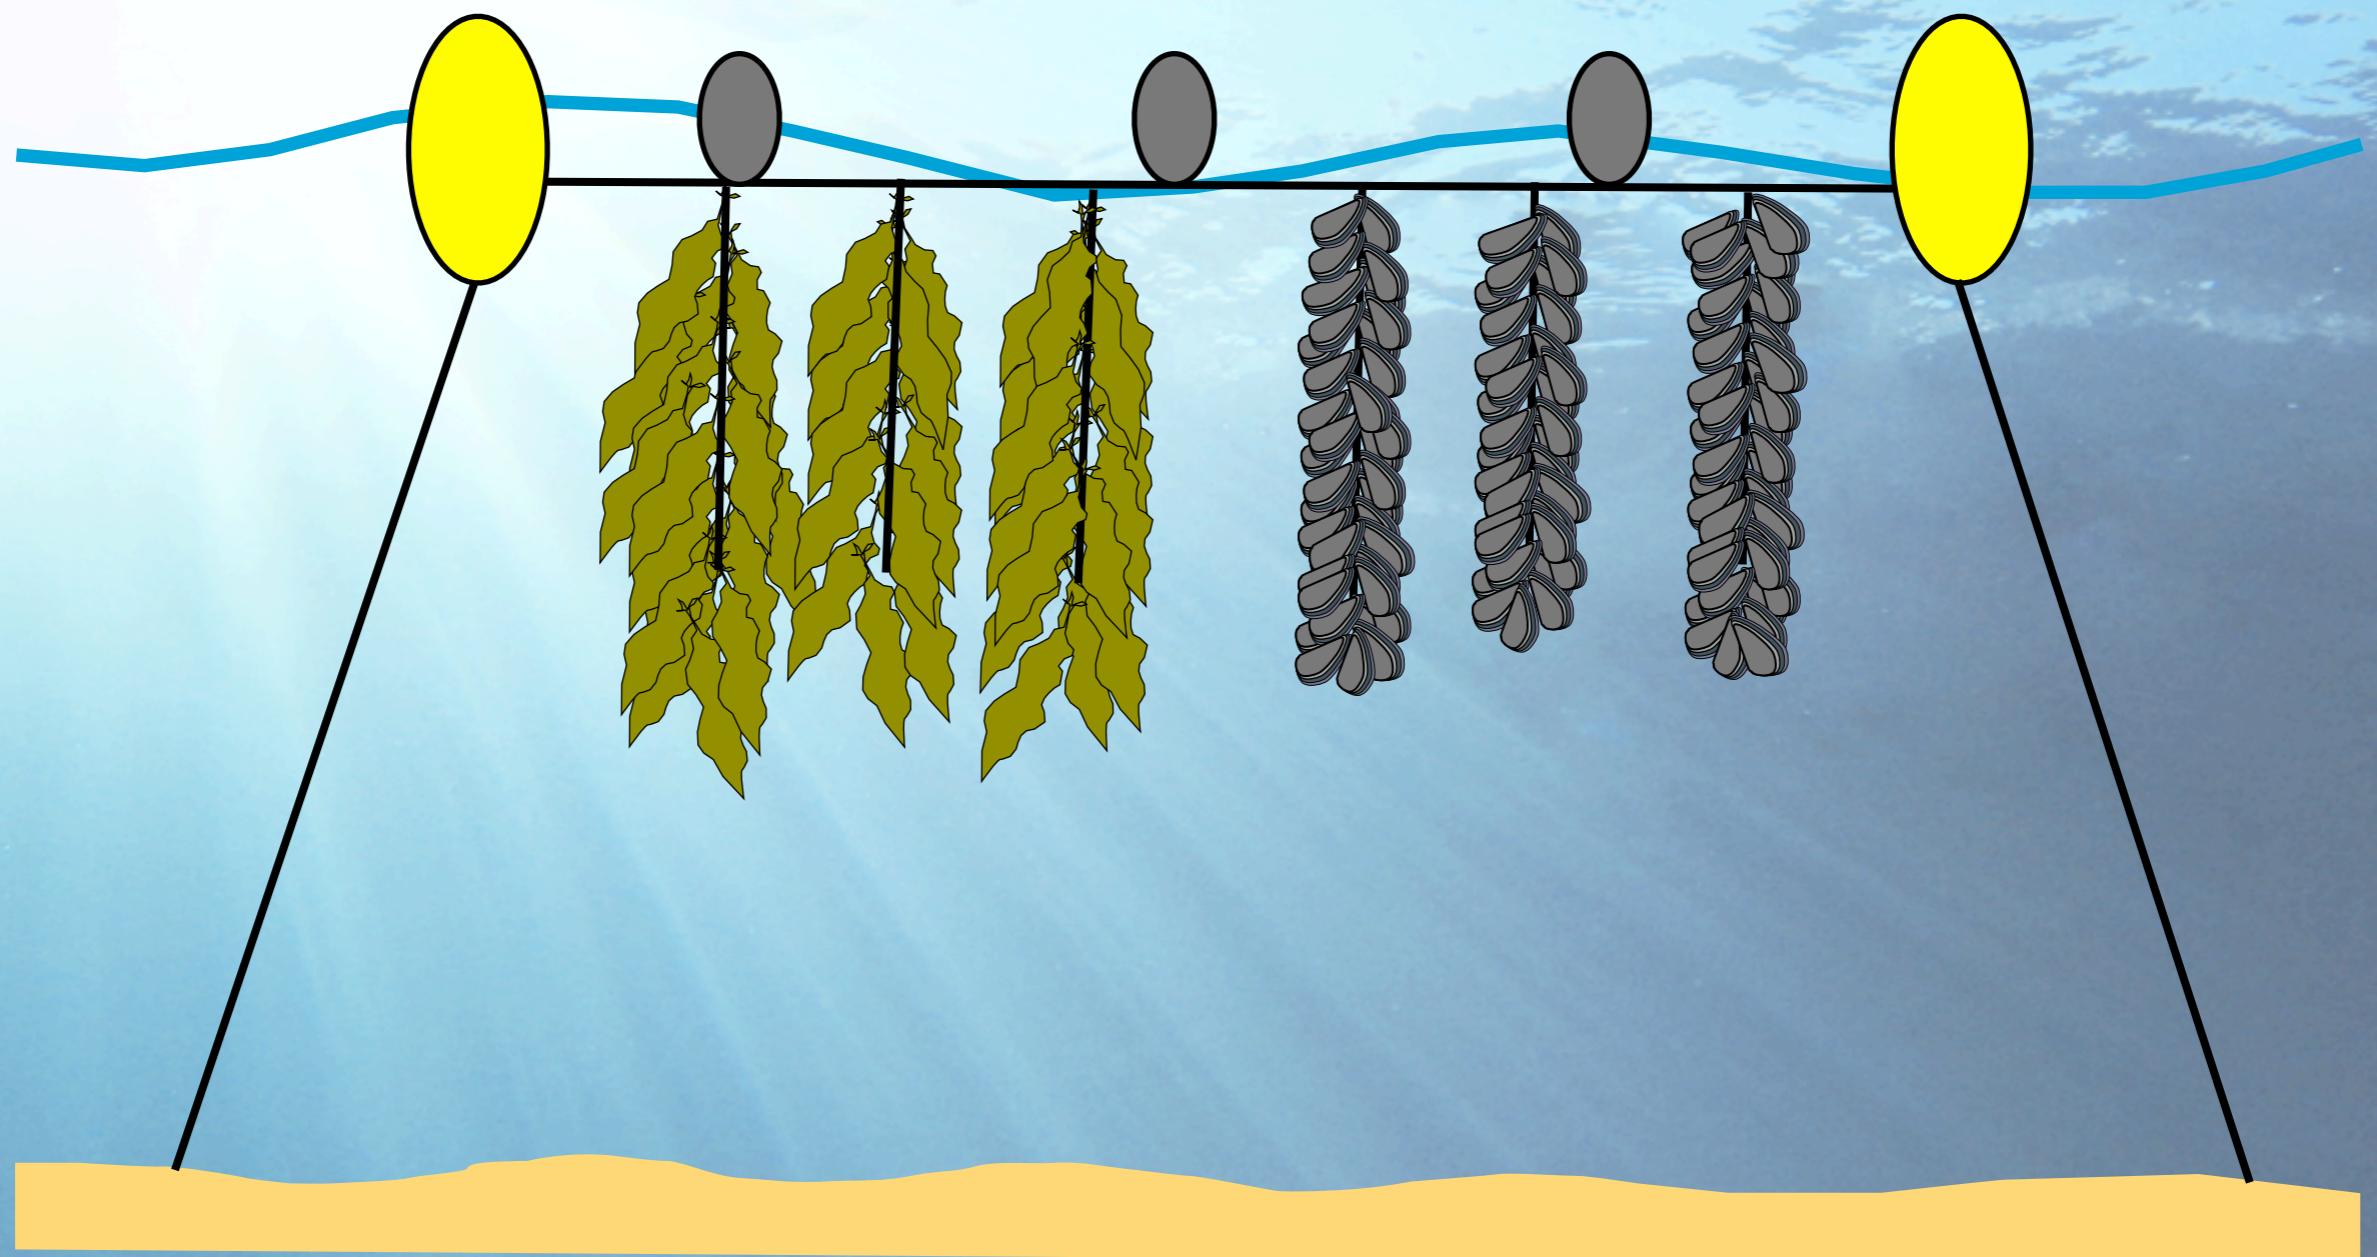

The first farm

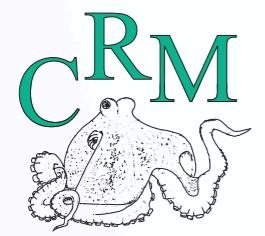

...moving to the surface

...adding blue mussels
